

Crush's 2012 Litter

Crush and Speed pups

The Pirates of the Caribbean Litter Pups are all SOLD!

Our Beautiful Pups are starting to go home with their new families! We will keep updating their bios as they grow and learn - so check back often to see how they progress.

Crushy x Speed Litter

Pirates of the Caribbean Litter 5/12/12

Melanie Rock, Michigan and G.O. "Puma" (formerly Jack)

I have always loved the partnership of working and training animals. I've shown horses in 3-day event since I was a kid. I showed my first dog (Boxer) in conformation, and then I discovered the sport of Agility. I have been doing agility 7 years. All 4 of my other dogs have been invited to the AKC Invitational for their breed(s).

Mach Max, my boxer, was ranked #6 in 2010

Mach2 Diesel (min pin) ranked #1 2011 and 12.

Mach2 Zorro (Manchester terrier) ranked #2 two years and made the hall of fame!. My min pin and Manchester were both rescues. They were starving and abused with hardly any hair when I got them both at about 1 1/2 old.

Mach3 Shiloh my Doberman who was #4 2011 and competed at nationals in Virginia, which is when I decided I wanted to find a BC. I found Julie and been in love with **Puma** ever since. I'm excited for our journey together!!

Heidi Stephenson, Parry Sound, Ontario and G.O. "Scratch" (Scratch)

I have been doing agility for 7 years now, training with Lynda Yelding, Sandra Bourne and Nadine Livingston. I have been competing with my dogs including:

Shank (Aussie) ADC, SGDC, AADC, AGDC, MSDC, MJDC, EXJ Bronze

5th place in Jumper class at 2011 Regional Championship, Qualifier for 2011 Nationals

Encore (Aussie) ADC, SGDC, AADC, AGDC, MJDC, MADC

Very close to achieving ATCH and EXJ Bronze

Slice (Border Collie) SGDC, 2011 Provincial Open Vet Weave Pole Challenge Champion, 2011 Canadian National Open Vet Weave Pole Challenge Champion

And now I have **Scratch**, Baby Einstein Award, and smartest puppy ever.

I started teaching last year and have formed Agility Girl Dog Sports

Darlene Collings, Lapeer Michigan and G.O."Caz" (formerly cotton)

I got **Maya** the Siberian Husky in Dec 2006. I took her basic, obedience, then to intermediate obedience, the instructor said would you like to try agility? I thought what is that?. So I started agility classes (and my friends all said "you are putting a husky in agility?") but really had no intention of competing in Agility! But now years later Maya now has her **CPE Catch**, she is in AKC excellent level B working on Mach points. In UKC she is in level 3. In USDAA Maya is in Performance 2. I also bred Collie's for 4 years when I was younger. So now that I am hooked on agility, I decided we needed a training center further north, so my friend and partner Cindy Wadsworth decided to make it happen and in 2012 we opened All Dogs Can LLC dog training center in Lapeer MI. <http://www.alldogscanlapeer.com/>

It has been a blast. I then decided since I have a training facility, I needed a border collie! I looked into many breeders, and I really decided I liked how Julie raises her puppies. Now I have Caz, named after Casanova, because he is such a lover. I look forward to a long future with Caz in agility.

Jane Attaman, Clarkston, MI and G.O."Twist" (formerly Calypso)

In 1988, I got a Cairn Terrier puppy for my 3 small children. After taking him to obedience class (so he would be a good "pet"), I got hooked on the joy of working with a dog. He not only got 6 obedience titles in 3 different venues, but he became certified as a therapy dog and also became an advocate for the AKC Pet Responsibility program in the elementary school in which I taught. We also became members of the K9 Rock n' Roll Performance team. Seeing my first Papillon at one of Simon's obedience trials, led me to acquiring Madison. In addition to getting her UD and CAN/UKC Open titles, she became my first AM/CAN Breed Champion. We started agility at dog camp and that soon became my first passion! I bred her and the 3 Papillons that followed, Chandler, Boo, and Houdini, competed in conformation, obedience, and agility. All were TDI certified and members of the K9 Rock n' Roll Performance team as well. My current Papillons, Frisbee, is retired after getting her MACH 3, and Bingo, is now that good "pet" that I originally planned to have! We have showed in Canada, UKC, NADAC, USDAA, and AKC. Altogether, we have gone to 7 AKC Agility Nationals and have done tracking, some freestyle, and even lure coursing! I found that I always seemed to be drawn to the Border Collies at the agility trials I entered. I was fascinated by their speed and drive. Gamble, my Border Collie, added to my list of wonderful experiences with dogs, whether it is training, competing, hiking, or just companionship with lots of cuddling! Because of my love for him, I knew I wanted another Border Collie. One of the best parts of my working with dogs, are the amazing friends that I have made. I met Julie when she got Gamble's littermate, Speed. Speed x Crush seemed like the perfect breeding by the perfect breeder, and it was! Twist (Calypso), is just a wonderful puppy, and I am looking forward to the new adventures we will have together.

Karen Childs, Courtright, Ontario and G.O. Cash (formerly Barbossa)

I was fortunate enough to grow up on a small farm in Southwestern Ontario surrounded by animals. We always had a family dog, and he (or she!) was always a huge part of my life. As a kid I enjoyed working with animals, and began a sheep shearing business instead of getting a "real job" Right around the time I headed to University my parents sold the farm, and I had to adjust to a different type of life. All the way through school I kept on shearing those sheep, and added alpacas & llamas to the mix.

After graduating as a Canadian Certified Pedorthist (custom foot orthotic specialist) I married the love of my life. Bryan and I and our two cats spent a couple years living in town. We both desperately wanted a dog - and specifically a border collie, but until we had the space for one (or two as it turns out) we didn't think it fair.

Why a border collie? One of my dogs as a child was one, and his brilliance never ceased to amaze me. He was truly a special guy and set the bar quite high! Bryan fell in love with the breed when he met one of my shearing clients BC's....don't tell my dogs....but I think he is still in love!

We have had Maya just over 1.5 years, she has taught us so much about dogs and training. I still have a long way to go, but I absolutely love working with such marvelous animals. Maya and I will be out there competing in agility very soon - here's hoping I have it figured out by then! I always feel like I'm the weak link in this relationship!!

When Maya was about one year old Bryan and I decided we wanted to add a second dog to our
